

# *Introduction to* Zue Hussin @ maBaker.ent

A mother of two and an accountant by profession with a passion for baking, cooking and trying out new recipes in the kitchen. Believe in time spent in the kitchen is therapeutic and good for the soul. An avid collector of recipes since primary school days and have learnt much from these scrap books.

Turned commercial baker in 2000 after numerous attendances in cookery classes, seminars and workshops to polish and equip little me with new skills and techniques. Then set-up a home bakery to serve close clientele and referred customers.

After retiring from full-time job in 2006, turned professional baker and most days you can see me now busy in my little kitchen. We have also expanded our area of business into projects with designing and making door gifts with muffins, cup-cakes and cookies. We also dabble in HANTARAN – jellies, pies, cupcakes etc apart from the normal cakes. This is basically on a customised design basis. In this, I have my hubby Ramli, daughter Iman and Mulia, our assistant to thank for. With the help of my daughter Farah, a graphics designer by profession, I have been able to spread my viewer count without limit with our fotopages, pics collection in flickr and now with this blog.

Now a grandmother to little Khairin Nadhrah and Khairin Aqilah, I am kept fully occupied most days and enjoying every minute of it.
